

# Divine Synthesis

Glenn Tramm II, BICT, MBA, FRC

*“Is there an occult knowledge which is in **truth** a power and works wonders comparable to the miracles of authorized religions?”<sup>1</sup>*

Sages, occultists always endeavor to look for ways to synthesize Natural Laws. Natural Laws are spiritual laws that govern the universe and give us the consequences of our behavior. The Law of Synthesis has always been one of their major activities - to elegantly express the many parts of the Divine as general, but as complete as possible. In ways, some did this beautifully by introducing the 7 basic hermetic principles of Natural Laws as an example. These are documented and expressed in the work of the three initiates – the Kybalion. However, these attempts focus on the unity expressed in many. Divine synthesis, in the following few pages, will be an attempt to express the many in unity – one underlying principle – again.

“In principio eras verbum”, is a Latin expression that means “in the beginning was the Word”. This famous quoted sentence uttered in the Gospel of St. John affirms that the Word, Intellectual Light, was at the beginning, before the Holy One. The Word was beside Him, but one with Him as though it was Him. The perfected being, a free agent, manifested as the Word of Wisdom, the substance for earthly expression. The spoken Word is Law, Natural Law expressed. The perfected being is the “SANCTUM

REGNUM”- the Holy Kingdom, the incarnation of Intelligence, Law and Love.

“To know, To dare, To will, To be silence.” - as Levi so elegantly stated.

To know the Law,  
To dare to do the Law,  
To will, freely, the Law into the world,  
To be silence, and meditate and be the 3 afore mentioned.

The Truth is the Law. The Truth, the Law, is the synthesis of perfection. The Truth, then, is  $\frac{1}{2}$  the Word, the other  $\frac{1}{2}$  is to choose freely. The Word is the spiritual world spoken in 7 Natural Laws, which is one (1) through Theosophic Addition. The Word is the physical world spoken in four (4) elements - earth, air, fire, and water; the four seasons; the four points of the compass; the four phases of the moon (new, half-moon waxing, full, half-moon waning), which is also 1. The Word is the basic Emanations spoken in ten (10), which is also one (1); one (1) being Unity, the Law or the Truth – the spoken Word, the **Uni**-verse.

The Truth, following the logic, is expressed then in 1, 4, 7, and 10; where 4 is physical and 7 being divine. 4 is for the Creation, as 7 is for Eternity. Divine cycles are multiples of 7, just as physical cycles are multiples of 4; both are coming from 1 and transfer to 10, which goes back to 1.

For 1 to be anything, there has to be 0, otherwise 1 has no meaning. 0 is Eternity and 1 is Creation. Thus, by extension both become One (1) through Theosophic Addition.

0 is the beginning.

1 = 4 = 7 = 10 is Creation, and also Truth.

Creation is spiritual and physical, which are the same.

The spiritual is expressed in 7, being deterministic.  
The physical is expressed in 4, being random.

Therefore, there are no spiritual planes in reality. All is One (1), but by extension many. Creation, then, is a divine paradox, being Everything (1) and Nothing (0). If Creation is a divine paradox, and if Creation is Truth, then divine paradox is also the Truth. The deterministic “side” of the Truth is the 7 hermetic principles, and expressed in 7 – the Law. The random “side” is expressed in 4 and represents your free will - Freedom. 7 is for Law as 4 is for Freedom.

All synthesize into one single unity (1) – Truth, the ultimate and paradoxical Mother Law. All Laws synthesize into one (1). Again we express the Truth in 3 ways; the 4<sup>th</sup> being the transition, which is the combination of all 3.

- 1) Truth expressed as Intelligence.
- 2) Truth expressed as Love.
- 3) Truth expressed as Action.
- 4) SANCTUM REGNUM as the holder of Truth – the transition.

Be not discouraged, for in these weighty sentences is synthesized the secret concerning Divine Synthesis - Truth.

L. V. X.

*For the  
world you might  
be just an individual,  
but for me, as one individual,  
you are the world. We are One and  
the same. Written with love. Peace Profound.*
